University of Washington, Department of Epidemiology  
Master of Public Health (Epidemiology: General Track)

Student Name: ____________________________________________ Date: ______________

63 Total Credits\(^1\): __________; which must include 18 numerically-graded, UW graduate class credits____
Minimum passing course grade: 2.7. GPA required to graduate: 3.0.

All courses indicated by * must be taken for a numerical grade.

HSERV 511*  
Intro Health Serv & Pub Health  
1\(^{st}\) Winter  

HUBIO 555 can sub for MD/MPH students

HSERV 510*  
Society & Health  
1\(^{st}\) Autumn  

EPI 595  
Epi Practicum  
1\(^{st}\) Summer  

ENV H 511A*  
Intro Envir/Occup Health  
1\(^{st}/2^{nd}\) Spring  

Or ENV H 510*  
Global Envir/Occup Health  
1\(^{st}/2^{nd}\) Winter  

EPI Elective Courses\(^3\)  
Min. 6 credits total; each course min 2 cr. At least one elective MUST be “Disease/Exposure (D/E) Focus”.  
1\(^{st}/2^{nd}\) Year  

EPI 700  
Thesis  
2\(^{nd}\) Year  

Non-Course Requirements  
(not including supplemental requirements for the practicum)

Submit Human Subjects Form  
Before registering for EPI 700  
Non-Credit

Submit Thesis Proposal  
Before final quarter  
Non-Credit

Human Subjects Approval (IRB)  
Before beginning thesis research  
Non-Credit

Submit Thesis  
Final quarter  
Non-Credit
Checklist Notes

- Plan ahead to ensure that required courses, usually offered once a year, will be completed on time to graduate. Elective scheduling may change from year to year. *Some elective courses are offered every other year.*
- See Time Schedule at [http://www.washington.edu/students/timeschd/](http://www.washington.edu/students/timeschd/) for days/times of classes, whether an add code is required, and the add code contact. Courses with “>” before the 5 digit SLN number require an add code.
- Students may register for additional electives and EPI 600 Independent Study in order to have enough credits. Consult your advisor whether or not to take electives during your first year.
- Students intending to complete a PhD in this department are advised to earn a 3.7 or higher in EPI 512-513, and prepare for the Doctoral Preliminary Examination in June.
- To request waiver of a required course, use the appropriate form found in the Catalyst dropbox for your degree. EPI 512-513, EPI 595, and EPI 700 may not be waived. HSERV 510-511 and ENVH 511 are rarely waived.
- Up to 12 applicable UW Graduate Non-Matriculated (GNM) course credits graded 3.0 or above may count toward the degree. No courses completed as a regular (non-GNM) Non-Matriculated student may count toward the degree, although students will not have to retake such courses if they earned a 3.0 grade or higher.

Footnotes

1. These courses do not count toward a degree in Epidemiology: Any courses below the 500 level; EPI 500, EPI 511; HUBIO 530; BOST 502-503, BOST 508, BOST 517-18 when taken in addition to BOST 511-13; undergraduate research or internship; courses taken to complete a degree program at another department/university; courses for which waivers were granted; and courses unrelated to health.

2. BOST 517-518 cover material at a faster pace than the 3-course sequence BOST 511-513. BOST 517-518 are recommended for students with some prior background in statistics and R, or who learn mathematic/computer concepts quickly.

3. Approved EPI Electives can be found in the Course Planning Sheet on the [Epi Courses](http://www.washington.edu/students/timeschd/) webpage.
