Department of Epidemiology, University of Washington
Master of Public Health (Epidemiology: Global Health (GH) Track)

Student Name: ____________________________________________ Date:_________

63 Total Credits: _______; which must include 18 numerically-graded, graduate class credits_____.
Minimum passing course grade 2.7. GPA required to graduate: 3.0.

All core courses indicated by * must be taken for a numerical grade.

Prerequisite for EPI 514: May be waived if substantial SAS and STATA programming

EPI 514*               | Application of Epid Methods           | 1st Spring      | 5       | □□□□     |

Biostatistics Requirement:

BIOST 511*               | Med Biometry I                        | 1st Autumn      | 4       | □□□□     |
BIOST 512*               | Med Biometry II                       | 1st Winter      | 4       | □□□□     |
BIOST 513*               | Med Biometry III                      | 1st Spring      | 4       | □□□□     |
or two courses:
BIOST 517*               | Applied Biostatistics I               | 1st Autumn      | 4       | □□□□     |
BIOST 518*               | Applied Biostatistics II              | 1st Winter      | 4       | □□□□     |

GH 511*               | Problems in International Health      | 1st Autumn      | 4       | □□□□     |
HSERV 510*             | Society & Health                      | 1st or 2nd Autumn| 3     | □□□□     |
GH 593                  | Global Health Workshop                | All but Sum (1 cr. Per quarter, min 3 cr) | 3 | □□□□ |

EPI 595                | Epi Practicum                         | 1st Summer      | 3-6     | □□□□     |

ENV H 511*             | Intro Envir/Occup Health              | 1st or 2nd Spring| 4   | □□□□     |
Or ENV H 510*          | Global Envir/Occup Health             | 1st or 2nd Winter| 4   | □□□□     |

EPI Elective Courses:

Min. 6 credits total; each course min 2 cr. At least one elective MUST be “Disease/Exposure (D/E) Focus”
1st/2nd Year ___cr ___cr ___cr

GH Elective Courses
Min. 6 credits total; each course min. 2 cr. See GH courses
1st/2nd Year ___cr ___cr ___cr

EPI 700*               | Master’s Thesis                       | 9-18 cr         | □□□□    |

Non-Course Requirements (not including supplemental requirements for the practicum)

Submit Human Subjects Form
Before registering for EPI 700 Non-Credit
Submit Thesis Proposal
Before final quarter Non-Credit
Human Subjects Approval (IRB)
Before beginning thesis research Non-Credit
Submit Thesis
Final Quarter Non-Credit
Checklist Notes

- Plan ahead to ensure that required courses, usually offered once a year, will be completed on time to graduate. Elective scheduling may change from year to year. Some electives courses are offered every other year.
- See Time Schedule at http://www.washington.edu/students/timeschd/ for days/times of classes, whether an add code is required, and the add code contact. Courses with “>” before the 5 digit SLN number require an add code.
- Students may register for additional electives and EPI 600 Independent Study in order to have enough credits.
- Students intending to complete a PhD in this department are advised to earn a 3.7 or higher in EPI 512-513, and prepare for the Doctoral Preliminary Examination in June. Consult with your faculty advisor regarding whether to take electives during the first year.
- To request waiver of a required course, use the appropriate form in the Catalyst dropbox for your degree. EPI 512-513, EPI 700, and EPI 595 may not be waived. GH 511, HSERV 510 and ENVH 511 are rarely waived.
- Up to 12 applicable UW Graduate Non-Matriculated (GNM) course credits graded 3.0 or above may count toward the degree. No courses completed as a regular (non-GNM) Non-Matriculated student may count toward the degree, although students will not have to retake such courses if they earned a 3.0 grade or higher.

Footnotes

1. These courses do NOT count toward a degree in Epidemiology: Any courses below the 500 level; EPI 500, EPI 511; HUBIO 530; BIOST 502-503, BIOST 508, BIOST 517-18 when taken in addition to BIOST 511-13; undergraduate research or internship; courses taken to complete a degree program at another department/university; courses for which waivers were granted; and courses unrelated to health.

2. BIOST 517-518 cover material at a faster pace than the 3-course sequence BIOST 511-513. BIOST 517-518 are recommended for students with some prior background in statistics and R, or who learn mathematic/computer concepts quickly.

3. Approved EPI Electives can be found in the Epi Course Planning Sheet on the Epi Courses webpage.

4. A thesis for the Epi MPH Global Health Track should integrate aspects of global health that impact developing country populations.
